PASSIONE PER LA BIRRA ARTIGIANALE

MAGIA BLONDE BEER

Full-bodied and fruity

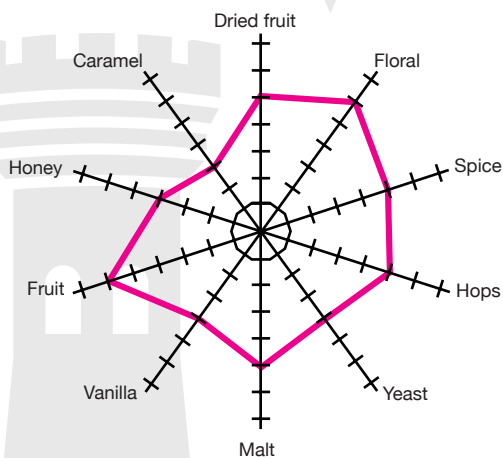

Ideal for your Christmas celebrations, this double-malt, high-fermentation blonde beer is re-fermented in its elegant metallic fuchsia Magia bottle. An antique gold coloured beer, it stands out initially for its dense and persistent head, lightly carbonated, and with a fine perlage. A beer that releases soft aromas of medicinal herbs, a distinct fragrance with notes of green apple and a light spiciness.

With a full-bodied flavour and sophisticated character, sweet, smooth and fresh on the palate.

Food Pairings

Great to enjoy on its own or on any occasion; also for an entire meal of fish or meat. Perfect for Christmas cakes.
